CAPABILITIES		
Precision Machining and Grinding Jigs and Fixtures Small Fabrication	Tooling Welding CAD/CAM	CNC and Production Machining Heat Treating Machine Building

Milling	Turning
Capacity: CNC & Manual - 50" x 20" x 25"	Capacity: CNC - 16" x 24", Manual – 19" x 72"
(1) 2-pallet 4-axis Horizontal CNC Mill	(3) CNC Lathes
(2) 5-axis capable Vertical CNC Mills	3" Barfeeding capacity
(1) 2-pallet Vertical CNC Mill	(2) CNC Lathes with 12 Station Live Tooling
(3) CNC Mills with Programmable Rotary Indexing	(5) Engine Lathes
(1) Horizontal Manual Mill	(3) Second Operation Lathes
(5) Vertical Manual Mills	(1) Hardinge Chucker Lathe
Grinding	Welding & Fabrication
(1) Cylindrical Grinder - O.D. Grinding to 12" x 37"	(1) Shear – Manual, 36"
(1) Blanchard Grinder – Rotary surface grinding to 36" dia	(1) Brake – Finger, 48"
(3) Surface Grinders – to 8" x 24"	(1) Plasma Cutter – 1" thick capacity
(1) Sunnen Hone – I.D. from .120" to 2.625"	(1) TIG/ARC welder (all alloys)
	(1) MIG welder (Steel, Aluminum)
Inspection	Programming
(1) Mitutoyo programmable CMM	GibbsCAM w/ 3-D Contouring & SolidSurfacer
(1) Brown & Sharpe manual CMM	Can import IGES, Solidworks, Inventor, DWG, DXF
Facility	Heat Treating
8400 Sq. Ft., Climate-Controlled	(1) Cress Dual-chamber oven w/ programmable controller
Located close to I-64 and I-81	
Easy truck access w/ loading dock
